# Inserting/Editing Course List

LEHIGH UNIVERSITY

Registration & Academic Services

Start Here

From the Page Body Editor, select the Insert/Edit Formatted Table icon

For a new Course List from

Select the College

Select the Department

A list of all the courses offered by that department will populate. Select courses from this list and move them over to the list on the right to populate your grid.

If you already know which classes you would like to add, you can use the quick add feature to add them

You can add a text comment to the grid by clicking here

This will sum up and display the hours on the Course List

These are the courses that will show on the Course List

Use these arrows to add or remove courses from the Course List

Use these fields for notes, or when classes should be taken as co-requisites, or to note that students have a choice in which class they take

Use these to create headings and indentations on the Course List

Use these to move courses on the Course List up or down
